**Page 31:**

**8.3. Sales prices**

The sales prices has been determined considering that the price is part of the concept. The price must be at level, which makes it possible that the customer buys another one or two SCARDS without considering too much the investment.

The following sales prices are temporary

SCARD -----	199,00 DKK
Mousepad with integrated smart card reader -----	89,00 DKK
A/D converter -----	49,00 DKK.
I/O port -----	49,00 DKK
